Good Morning Quinn

I did have a good weekend. Hope you did some fun Halloween stuff. Yes things are moving quickly so I hope we can make sure we are not overlooking anything. The meetings should help. Talk with you later.

Subject: Plan for the day

Good Morning Linda,

I hope you had a good weekend. Today I will be working on the terms and conditions (for registrants that have seed treatment products to develop plans for disposal of excess treated seed) and have multiple meetings regarding the "directionally correct" FIFRA mitigation. I was also hoping to discuss the terms and conditions later today in our meeting at 3 as well as the overall mitigation for seed treatments. Amber expressed some concerns about how quickly the disposal language is moving without enough review but I think today there will be some DD weigh in on that and this afternoon we have a meeting with OECA to get their thoughts as well. I hope you have a great day and I look forward to talking to you later.

Best,
Quinn
